EXAMPLE

PRIVATE PRESCRIPTION FORM

Cannabis flowers and extracts are classified as compounded medications under German law as they must be prescribed by a physician in **specific product name**, **Pharmazentralnummer ("PZN")** and **individual dosages** and for given indications. Subsequently, they are weighed and packaged by pharmacists according to the doctors' specifications.

For more information about availability, inquiries on collaboration, or specific product details, please reach out to our sales team or visit our website at www.cannamedical.com.
